A Great Way to Protect the Plants in Your Garden or Raised Bed

Imagine harvesting fresh lettuce, spinach, radishes, carrots and other vegetables from your own garden almost any time you want. It's possible, if you grow your own vegetables in a cold frame. Juwel® cold frames are weather-resistant with polycarbonate double-skin panes and sturdy aluminum frames. They are UV-resistant and have a 10-year guarantee against yellowing of the panes.

Standard Juwel® Cold Frame 1000

2 windows, each with 2 adjustable windproof ventilators. 4.3 mm thick. 39.37inL x 35.43inW x 15.74inH. Ship wt 11 lb.

JWSCF Standard Cold Frame **$153.49**

Oversized Juwel® Cold Frame 1500

Gives you 66% more space than our standard cold frame plus the panes are almost TWICE as thick to keep plants warmer. 3 windows, 2 adjustable windproof ventilators per window, 8 mm thick. Dimensions: 59inL x 31.5inW x 19.68inH. Now includes one automatic ventilator! Ship wt 25 lb.

JWBIO Oversized Cold Frame **$399.99**

Add-On Unit for JWBIO

Adds over 3 feet with 2 windows and 2 windproof ventilators per window. Add-on dimensions: 39.37inL x 31.5inW x 19.68inH. *(Not pictured.)* Ship wt 14.5 lb.

JBBA Add-on Unit **$201.99**

Add a Ventilator to Your Cold Frame and You Won't Worry About "Burning" Your Tender Plants!

Maintain your plants' optimal temperature automatically! In warm weather it opens the window automatically and closes it again as soon as it turns cold. 12 lb. weight lifting capacity. Ship wt 1 lb.

JAO Ventilator **$69.99**

Automatic ventilator prevents overheating while letting in fresh air to help plants thrive.

★★★★★ *"My husband and I were thrilled to set this cold frame up. It is made of quality materials and goes together precisely as made...nothing is cheap about it, great manufacturing. I already have lettuce and cabbage growing madly and I've only had it 3 weeks. I plan on using it all winter."*

Large Pickup Wizard—Sized for larger items such as walnuts in their husk, apples, lemons, etc.

NWW Ship wt 3.5 lb. **$59.99**

NW12 sized for picking up tree nuts, acorns and hazelnuts.

Use the NWW for larger fruits such as apples and lemons.

★★★★★ *"It saves time like you wouldn't believe! I use it just before I mow. My yard is full of walnut and hickory trees. Saves a lot of back bending and strain as well. One of the best purchases I've made." – Tom S., OH*

Nut Wizards are good for picking up all sorts of things!

Use NW12 | Use NW12 | Use NW12 | Use NWW | Use NWW

★★★★★ *"I have actually purchased both sizes, large one for black walnuts and the small one for acorns. Both sizes work great. Two years ago we picked up over 4,000 black walnuts by hand, what a back breaker. Last year we just walked around the yard rolling the nut wizard over the walnut and in it went. It's easy to empty the basket when it's full too. I've shown it to some friends and they too have purchased the larger nut wizard." – Louie J., MO*

★★★★★ *"I won't have time to shop for groceries tomorrow, I'll be out in the yard all day raking leaves and picking up acorns so I can put the lawn to bed for the winter," I said. "I bought a Nut Wizard, remember," she replied? Skeptically, I rolled the new contraption out to the yard and within seconds, I'd scooped up a quart of acorns as effortlessly as if I were walking the dog! I filled a 5-gallon stainless steel bucket to the brim with acorns in less than an hour; true story. This simple machine didn't malfunction a single time and I never bent at the waist until I had to move that heavy bucket full of acorns to the bonfire pit! The only downside was that I had to shop for groceries!" – Ken - Suburban Yard Warrior, MN*

Bloomers Edge Bulbs

Our own Bloomers Edge bulbs have been handpicked by growers for their reliable blooming habit. Tulips, crocus, hyacinths, daffodils and 2 collections called "whimsical" and "cool blue" are part of Bloomers Edge. The Bloomers Edge line also includes the Muscari Plumosum, which is native to the Mediterranean but grows well in the USA. It has feathery, tassel-like flowers that are tightly packed on an upright spike.

Have Beautiful spring color by planting bulbs now. The best time to plant spring flowering bulbs is anytime before the ground freezes going into Winter. Give your landscape small bursts of fun color well before your other flowers are even thinking of blooming. Ship wt .5 lb.

A. Cool Blue Collection – *Includes 46 Bulbs!*

A cool theme for your spring garden. Various shades of blue make up this collection of flowers which will bloom early to mid-spring. Includes: 15 Crocus, 16 Grape Hyacinths, 5 Dutch Iris, 10 Striped Quill.

BECBC46 **$12.49**

B. Mixed Tulips – Varied heights of this tulip mix create staggered clusters for pops of spring color. You can even use them as cut flowers for vases in your home. Plant them once and they will come up year after year.

BEMTU10 10 bulbs. **$11.49**

C. Mixed Daffodils – The easiest of all flowers to grow and most dependable. They multiply with ease and keep the deer away! These daffodils will grow well in shaded areas. Cut flowers will last longer than most.

BEMD10 10 bulbs. **$14.49**

D. Muscari Plumosum – These purple spiked flowers contrast nicely in front of taller yellow daffodils. Best when planted in groups and mixed among perennial plants for color until the other plants have time to bloom.

BEMUP10 10 bulbs. **$11.49**

E. Drumstick Allium – Great along borders of perennial beds. Drumstick Allium are good for sprouts of color among rose shrubs before the roses bloom. They are deer resistant and also make great cut flowers.

BEDA10 10 bulbs. **$8.49**

F. Mixed Crocus – First to blossom in spring and the most popular bulb normally blooming in late winter. When it is time to begin mowing your yard, simply mow over the crocus and they will come back again next year. 10 bulbs.

BEMC10 10 bulbs. **$7.49**

G. Mixed Hyacinths – Intense color and very fragrant spring flowers. A prized possession in the bulb world. They can easily be forced into bloom when planted in pots and grown indoors. Great in full sun or partial shade.

BEMH10 10 bulbs. **$16.49**

H. Mixed Grape Hyacinths – Best if planted in groups of 10 to get the full effect of color. Very little to no fertilization needed and they will come back year after year. They are mid-spring bloomers and carry some color throughout the summer.

BEMGH10 10 bulbs. **$9.49**

I. Whimsical Collection – *Includes 50 Bulbs!*

Early through mid-spring bloom times for constant, vibrant spring color. This fun mix of bulbs includes: 15 Whitewell Purple Crocus, 15 Striped Squill, 15 Glory of Snow, 5 Dwarf Iris Reticulata.

BEWC50 **$12.49**

Plant hundreds of flower bulbs in hours rather than days.

In seconds, the Bopper carves a hole for tulip, daffodil, or hyacinth bulbs.

Use Your Drill for Quick, Easy Bulb Planting

The revolutionary premium stainless steel design essentially pulls the grass and soil out in a "core sample" type plug that you can drop right back to cover the hole. Ideal for planting flower bulbs in your garden or naturalizing them in your lawn. For use with a 3.0 amp or larger corded drill with a 3/8in or larger chuck. Creates a 2in diameter planting hole. Drill two holes side by side for larger bulb. Full 2-year manufacturer's warranty. **Also works well for transplanting, planting seedlings, grass plugs, and fertilizer spikes.**
Ship wt 1 lb.

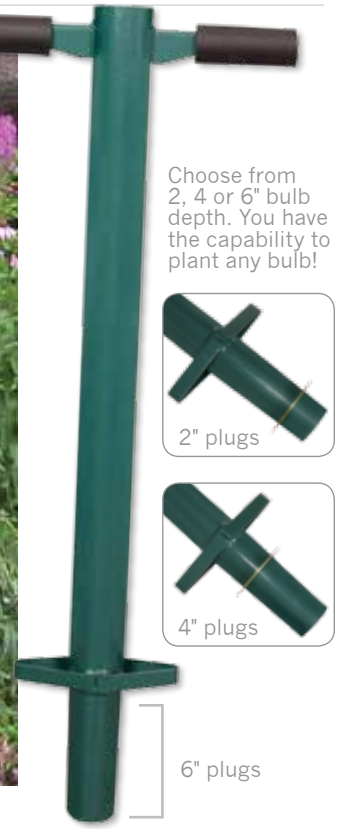
BULBBOP Bulb Bopper® **$31.99**

★★★★★ *"Wow! Absolutely perfect! This is by far the best bulb planter I have ever used. No tired arms, no backache, and no headache. I planted 400 bulbs in one afternoon. I will send pictures of the planting bed when it blooms. Bulbs for all 4 seasons, 4 pictures. Way to go. I love this catalog." – Sandy, mail lady, with a very big yard, IN*

Plant and Cover Bulbs Without Stress to Your Back

Plant bulbs and cover them with soil using one easy tool. Just step on the footpads to drive the planter into the ground. Once you have placed the bulb, use the plunger to cover the bulb and move on to the next one. Makes holes that are 6in deep with a 2-3/4in diameter. Measures a comfortable height of 36in overall. Forget the flimsy bulb planters that just don't last, this planter is made from durable steel that will last a lifetime!
Ship wt 4.5 lb.

BP3 Bulb Planter **$34.99**



Pro Plugger is 5 tools in 1!

No more aching back and sore joints from bending over to dig your planting holes. Whether you're planting bulbs, your favorite annuals or planting ground cover like liriope, mondo grass, English Ivy or creeping thyme, you've found the right garden tool. The new ProPlugger even makes a great soil sampler tool. In just moments you can create a hole, plant bulbs/flowers, and fertilize without having to bend over! A year round landscapeing tool that won't gather dust in the shed. **Made in the USA.**

★★★★★ *" Lightweight, cuts good, battery charge lasts." – W.R. SLayer, ND*

Did you know?

Lithium battery powered tools offer the same cordless convenience of our NiCad battery-operated tools plus much more!

- Quick 1-hour charge provides you with more charge/discharge cycles in a shorter time frame.
- 50% longer run time over NiCad batteries.
- Fade-free performance! Lithium batteries discharge consistently without power fade. You'll have the same power when you start working until the battery fully discharges, unlike NiCad batteries whose charge fades through use.
- Lighter weight provides greater comfort over longer periods of use.

Ship wt 10 lb.

EWLCS Earthwise Lithium Chain Saw **$169.99**

★★★★★ *" I bought this saw last fall and have used it to cut some good material (up to the full length of the blade). I've been amazed with both the torque of the motor and the performance of the battery. As claimed in the ads, the battery maintains very constant output until it reaches the point of exhaustion and then recharges quickly. The oiler has also worked well. I had previously purchased a cordless saw with a NiCad and was not happy with its performance. I bought the new saw because of the Li battery and the hope it would be able to meet my needs. It has exceeded my expectations."*
– David W., NC

★★★★★ *"This is an excellent bag and with over an acre of lawn to take care of, this bag has already come in very useful! I bought it for my husband after we saw a neighbor pulling one to his tree line to dump his leaves. My husband can't wait to use it for the leaves in the fall! The material is very tough (good for if there are twigs) and it is also nice and light so you can pull it around your yard. I am very pleased with the purchase." – Jen, NJ*

When it's time to gather the fruits of your labor...

A Longtime Favorite, Now in 2 Sizes! New Garden Hod Junior is Sized Just Right for Smaller Loads or for Your Little Helpers

In olden times, these hods were used for carrying everything—from bricks to laundry! Styled after a traditional clam hod, this version is built to last from quality hard and soft woods and durable vinyl-covered mesh. Harvest and wash plants, fruits and vegetables (especially carrots and potatoes!), or discover one of the hundreds of other uses that the hod lends itself to inside and out any time of the year. Constructed with 3/4-inch thick pine sides and birch side rods, it also has a sturdy, food grade PVC-coated wire body, and a steam bent handle for a handsome look.

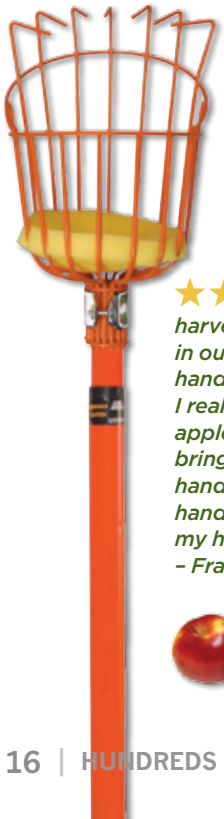
Hundreds of Uses: Here's a Few

★★★★★ *"I bought this to use at harvest. Love that I can spray the vegetables with a hose to remove the dirt before it is brought into the house." – Amy, PA*



Put Any Fruit at Arm's Reach

It's like an extension of your hand. This fruit picker makes it easy to reach fruit. 12 ft. telescoping aluminum pole with sturdy metal picking basket. Poly–coated picking prongs prevent fruit damage. Weighs less than 2.5 lb. Ship wt 2.5 lb.

245FH Fruit Harvester **$63.99**

★★★★★ *"Used it this fall to harvest apples from upper branches in our orchard. The telescoping pole/handle operates smoothly and easily. I really like the way I can gather several apples in the basket and rather than bringing the basket down, hand over hand along the pole, I just relax my hands and let the pole slide through my hands until I can reach the basket." – Frank, WY*

This walking aid measures plant height, garden row spacing, mulch depth and more!

An Invaluable Garden Tool and Sturdy Walking Aid

This one-of-a-kind, handcrafted gardener's walking stick is both attractive and built-to-last. Each stick is fashioned from oak or ash, making it strong and highly durable, then stained a beautiful tan. Finally, every stick is sprayed with a protective clear lacquer, resulting in a smooth finish that highlights the wood's genuine beauty. Strong metal tip provides a firm, secure grip while walking and is also ideal for marking plant locations in the garden or flower bed. A 36-inch ruler is printed on the side to measure out garden rows, mulch depth, plant height, or even the amount of snowfall in the winter. 52-inches overall. **Made in the USA.** Ship wt 1.5 lb.

GRWST Gardener's Walking Stick **$49.99**

So versatile, each Tubtrug can do so much!

★★★★★ *"Quickly becoming one of my most versatile gardening tools. I use it for everything; moving mulch, soaking bare-root roses, hauling tools, carrying weeds to the compost pile, even holding Koi while cleaning the fish pond. Being an avid hunter and fisherman I just wish it came in olive drab, I would take it to the woods!" – Gardening Supervisor, MO*

Put These Tough Containers to Work Indoors and Outside!

Tubtrugs are truly amazing in the number of ways they can be used. Durable construction is tough enough to carry a load of bricks, yet pliable enough to bend and pour liquids.

Hers™ Shovels for Women, in Three Sizes

Hers™ is a shovel-spade hybrid designed scientifically and specifically for women. Every feature of Hers™ is based on women's bodies and digging styles, from the shape and diameter of the handle to the three shaft lengths, plus the angle and enlarged step on the tempered steel blade. The ash handle is Appalachian Hardwood Verified Sustainable, meaning it comes from eastern U.S. forests where 2.29 trees are growing for every 1 tree that is harvested. Any wood scraps left over from making the handles are converted into wood pellets or wood chips—nothing is wasted! **Made in the U.S.A.**

40% Lighter than the Average Steel Fork!

14-1/2" x 15" fork size offers a generous capacity to quickly move compost, filling a 6 cu ft. wheelbarrow in just a few scoops!

Lightweight, Tough All Poly Scoop Fork Quickly Moves Mulch, Compost, Hay and More!

The Leonard Scoop Fork features an all poly construction that reduces tool weight, yet tackles moving mulch at a record pace. Beveled tines pierce through mulch piles, straw, compost, leaves, hay and more, while the deep 'scoop shaped' tines yield a high carrying capacity. The 8-tine construction features an average 1-3/8" tine spacing to adequately hold materials. The poly handle has a comfortable feel and the large 1-3/8" diameter grip is textured for slip-resistance. Handle length of 30 inches provides good reach and balanced control. Head is 14-1/2" x 15". Overall Length 44-1/2". **Made in the USA.** Lifetime Warranty. Ship wt 4 lb.

PROHOE Rogue Hoes—Choose Your Weapon!
The PROHOE Rogue Hoe line are professional quality tools built from recycled agricultural disc blades. The tempered steel is the best steel for the job, resulting in tools that are extremely durable with long lasting sharp edges. The grinding, welding, and sharpening are all done professionally by hand to ensure each piece is crafted with the highest quality. **Made in the USA.**

PROHOE 7 Inch Field Hoe—The heavyweight of the line. 7 inch wide cutting blade breaks up sod, cultivates and clears waste trees up to 1 inch diameter. To hold up to heavy use, the socket and blade are welded together, then riveted through the handle for a strong connection. 60 inch handle length. Ship wt 4.1 lb.

70F 7in Field Hoe **$33.99**

PROHOE 7 Inch Garden Hoe—The original. 7 inch wide cut head, sharpened on all three sides for work in wide as well as tight areas. Just turn up on its side for tight spots. Very effective for cutting and moving dirt. Hefty 1-3/8 inch diameter, 60 inch handle. Ship wt 3.3 lb.

70G 7in Garden Hoe **$32.99**

PROHOE 5-1/2 Inch Garden Hoe—An all-purpose hoe and a favorite by users wanting a quality tool, but without the weight. Three sided, sharpened blade. Weighs just over two pounds which makes it light and easy to handle. 1-1/4 inch diameter, 60 inch handle. Ship wt 2.3 lb.

575G 5-1/2in Garden Hoe **$32.99**

PROHOE 6 Inch Scuffle Hoe—Three sided blade, very sharp for smooth cutting in both directions. The scuffle hoe's push/pull motion allows weeding under branching plants where common hoes can't effectively reach. Ship wt 2.5 lb.

60S 6in Scuffle Hoe **$32.99**

★★★★★ *"I love this hoe (#70F). It's the best I've ever owned. I have a small organic, minimal till farm, so I do a lot of hand hoeing. It's sharp - cuts the thistles, and other heavy weeds easily, but I can still hoe the smaller, delicate weeds coming up around my transplants. It's so sturdy and heavy that I can let the hoe do the work - not my back." – J. McCain, OR*

"I've used these stakes for four years now and my evergreen trees show significantly more growth in comparison to other trees in the neighborhood. I work and live in a harsh mountain environment with gravel soils and it's tough to get any tree to grow. These fertilizer stakes are essential." – Grant B., Skyland Metro District, Crested Butte, CO

Leonard Tree Stakes: Just Use Once a Year for Time-Released Goodness

A.M. Leonard brand super tree feeding stakes contain all the essential nutrients your trees need to maintain proper health. Stakes are packaged in a big 40-pack box. 1 application usually lasts all year. Each case of 40 stakes is enough to feed about eight 3-inch diameter trees. **Case of 40 stakes.** Ship wt 12 lb.

★★★★★ *"I used the Leonard stakes for the first time this year, and I am delighted. They were easy to knock in with a 4lb hammer (and I've put in thousands over the year): much better than all the others I have used. Until now, I had not found a tree fertilizer stake specifically for fruit trees. I'll be buying many more boxes!" – John H., OH*

Deer and poultry fence blocks plants and crops from deer damage; resists sun damage for years!

You're Not the Only One Who Thinks Your Garden Looks Good Enough to Eat!

Fencing is virtually invisible when installed and yet provides considerable protection. The material is strong, lightweight, and easy to install. It is a great alternative to wire and electric fences and will last for several seasons due to UV inhibitors included in the material. The black mesh is available in two sizes to suit your application. The larger mesh, 1-3/4in x 2in, is widely used as deer fencing, 7.5 feet is the best choice. The smaller mesh, 3/4in x 1in, can be used as fencing for deer control and also smaller animal and bird control.

Two emitters distribute water slowly and evenly up to 8 hours providing a deep hydration of trees and shrubs.

Fill quickly and easily through the large diameter fill port. Screw cap keeps water in and contaminants out.

★★★★★ *"...It does a great job of soaking down the root zone slowly. I have had no problems at all with the AR20 product. I was concerned that wildlife such as raccoons, etc. might be a problem in this extreme drought, but they did not bother the tubes at all." – Kirk, TX*

Slow, Even Watering Means Maximum Usage by the Tree, For Better Health

Great way to protect your investment with young trees and shrubs. High capacity 20 or 32 gallon models release water over a 5 to 8 hour timeframe allowing water to permeate deep into the soil, hydrating both root ball and surrounding soil for complete coverage. ArborRain™ is designed with a low profile to blend in better with the natural surroundings and the dark brown color dramatically reduces its visibility when used along with dark hardwood mulches. **Fits up to 6-inch diameter trees**; multiple hydrators can be placed around the drip line of large established trees to alleviate stress from drought or new construction. 20gal-Ship wt 2 lb. 32gal-Ship wt 2.5 lb.

Customizable Plant Protection

The Grow It Now! Plant Protector helps you be the first and last to harvest. This protector stimulates plant growth, allows light to pass through freely, has plenty of ventilation while retaining the needed heat for growth. The bottom of the polyethylene dome has four tabs for anchor pins (not included) to keep it securely in place. The option to open the top allows for easy watering access and better ventilation. It also has a cutout to run drip irrigation. You can even snap two protectors together to create a larger dome, making these the largest plant protectors on the market!

More ways to keep your plants protected from frost

An Easier Way to Protect Rows of Peas, Beans, and Other Fall Vegetables

The original floating row cover, made from spun-bound polyester. Holds in warmth to provide early and increased yields, great for pest control and to extend your harvest into the chilly fall weather. No wire support hoops necessary. Can be placed directly on the plants without damaging them. Rugged, breathable material allows light and water through but won't overheat plants like plastics can. Will not rot, shrink or sag. **Each cover is over 5 feet wide!**

A Quick Spray to Protect All of Your Plants and Blossoms from Cold Damage!

Liquid Fence® FreezePruf is a foliar/floral spray that increases plant resistance to both cold damage and cold mortality. The application of FreezePruf to healthy foliage or flowers improves cold tolerance by approximately 2 to 9 degrees Fahrenheit, depending on variety of plant and the duration/intensity of frost or freeze event. It's as though FreezePruf moves your planting location 200 miles south! FreezePruf may be applied at any temperature above freezing and will produce benefits as soon as plant surfaces dry. Apply a minimum of 8-12 hours before an anticipated freeze. Mix 32 oz of concentrate to make 1 gallon of spray.
